TFLA Texas Two Step Virtual Conference - Day 1 Aug. 3rd

We Can Do It! Addressing Gaps in Learning Due to COVID-19

Session 1: 9:00 - 10:15 a.m.

Facilitator:	Meredith Clark, Region 10 ESC LOTE & Fine Arts Consultant, TLFA Director of Public Outreack & Advocacy
Session Description:	Nervous about starting the school year after mixed results from remote learning last spring? Calm your nerves, organize your data, and start the school year with a plan. In this webinar, participants will examine three approaches to getting ready for the new school year including hwo to analyze data from the previous course level, how to plan for diagnostic tasks to assess what students can do at the beginning of the year, and how to differentiate instruction that supports students with diverse levels of language ability.

Session 2: 10:30 - 11:45 a.m.

	Greta Lundgaard, World Languages Consultant
Session Description:	As schools resume this fall, teachers will receive into their classrooms, virtually or face-to-face, language learners whose recent experiences have been diverse and interrupted. This session explores four key strategies to integrate into planning and instruction that will more effectively address learning gaps and move your learners forward.
